BLUE HERON
ENVIRONMENTAL

Compliance & ISO Auditing

AUDITORS CAN HELP YOU AVOID COSTLY AND TIME-CONSUMING WORKFLOW ISSUES.

Blue Heron staff have the knowledge and expertise to help you with all of your compliance and ISO auditing requirements.

In addition to conducting regulatory and management system audits, Blue Heron will train your staff to become internal-auditors.

Our Experts can

- Conduct ISO 14001 and OHSAS 18001 audits
- Develop and audit site-specific legal requirements ("Compliance Audits")
- Audit against the Mining Association of Canada (MAC) – Towards Sustainable Mining Initiatives
- Audit against the International Cyanide Code
- Train your own 'in-house' internal auditors
- Conduct a gap analysis to determine vulnerabilities
- Develop cost-effective and efficient action plans to return to compliance
- Conduct compliance audits against applicable safety and environmental regulations
