

BLUE HERON ENVIRONMENTAL

ENVIRONMENTAL **EMERGENCY** & **SPILL** PREPAREDNESS SUPPORT

**BE PREPARED FOR
ENVIRONMENTAL
EMERGENCIES**

Need assistance with the development / implementation of a Spill Prevention and Contingency Plan (SPCP) or Environmental Emergencies (E2) Plan?

Let us help you **complete a gap analysis** to determine your compliance with the SPCP Regulation (O. Reg. 224/07), E2 Regulations (SOR/2019-51), and other applicable Environmental Emergency regulations.

A RISK-BASED PREPAREDNESS PLAN IS YOUR BEST DEFENSE

CHANGES TO E2 REGS

ARE YOU IN COMPLIANCE?

The new E2 Regulations contain the following compliance deadlines for substances that met/exceeded thresholds effective on August 24, 2019:

- 🗑️ **SCHEDULE 2 (Substance/Facility Registration)**
Nov 22, 2019 (+ 5 years thereafter)
- 🗑️ **SCHEDULE 3 (E2 Plan Preparation)**
Feb 24, 2020
- 🗑️ **SCHEDULE 4 (E2 Plan Implementation)**
Aug 24, 2020
- 🗑️ **SCHEDULE 5 (E2 Plan Testing)**
*5 years after E2 Plan brought into effect
(+5 years thereafter)*

OUR SERVICES INCLUDE:

- 🗑️ **Gap analyses** to assess legal compliance of SPCP/E2 Plans and other Environmental Emergency regulations
- 🗑️ **Development or revision of SPCP/E2 Plans**, including **required drawings** and procedures
- 🗑️ Implementation of SPCP/E2 Plans, including the new **public notification measures**
- 🗑️ Env. Emergency **risk assessments**
- 🗑️ Planning and execution of **simulation exercises**, including development of value-added drill schedules
- 🗑️ **Training programs** related to Env. Emergency prevention / response and awareness of legal requirements
- 🗑️ Supply of **spill response kits** and **clean-up products**
